## THE SALARIES OF TEACHERS.

It is quite a common occurrence these days for teachers' associations to go on record suggesting minimum salaries at which teachers should be employed. These suggested salaries run from \$500 a year upward and those who are at all familiar with the nerve-racking work in which teachers engage will agree that they are never paid so much money. That this question of salaries is not new appears from the proceedings of the Illinois Teachers' association away back in 1856. At that time the association went on record in declaring that the salaries of principals of large schools ought to be not less than \$1,000 or \$1,500 a year and that for district school teachers the pay should not be less than \$25 to \$30 a month. When the cost of living in those days is compared with the salaries advocated, it is easy to see that the teachers today have really had their pay advanced very little.

One cause of complaint of the teachers is that the work lasts only eight or nine months a year and that to keep thoroughly up in the work the average teacher must spend at least a part of the vacation period in study.

## WET GOODS FROM ARENZA.

The arrest of a man on the C. B. & Q. train coming from Concord yesterday afternoon simply gives emphasis to the great amount of liquor which is brought in daily on that train. Go to the C. B. & Q. station any day and you will see ten or twelve men climb off carrying suit cases heavy because full of bottles, and still others with jugs or cans of liquor wrapped about with sacks. Sometimes these men have such heavy burdens that they engage taxicabs or wagons to convey them to their intended destination. Some of these men make

regular journeys, going to Arenza on the 11:20 train and returning at 2:05. Under the existing ordinance the men secure permits to bring in the liquor but any ordinary observer knows that they cannot intend the large quantities that they carry for their own individual consumption. It's a difficult matter to handle but such flagrant haulage of liquor into anti-saloon territory is something that should engage the attention of city and county authorities.

## WHAT GOOD ROADS MEAN.

There were hundreds of automobile visitors in Jacksonville Saturday, probably the greatest number that has ever known here on any Feb. 1. The road conditions are so excellent that automobile drivers came from a very wide area. Saturday and during the earlier days of the week there were dozens of Scott county visitors and the condition emphasized how much good roads mean to Jacksonville in a business way. In times past there have been winters as open as this one, with just as warm weather but hardly in the memory of the older residents has there been a winter when along with the weather were the good passable roads.

It usually happens that with warm weather in the winter time the roads are sticky and muddy, making automobile driving impossible and that even with horse drawn vehicles difficult and unpleasant. This good weather has meant lots of business for Jacksonville merchants and only emphasizes the fact that continued busy times thru the winter season will be here when the day of hard roads comes.

## HOW THE FARMERS ARE ORGANIZING.

Mention has already been made of the effort of farm bureaus thruout the state to organize the Illinois Agricultural association. In fact, this association has already been organized and D. O. Thompson of Bloomington chosen as its chief executive officer. He was in Washington the past week to attend the conference of food administration officials and the packers and is now engaged in looking after the interests of the farmers generally.

Some idea of the broad plans under which the farmers are organizing is given in a circular letter issued by William G. Eckhardt, farm adviser of DeKalb county, and one of the most active agriculturists in the state. This letter, which was issued for the purpose of securing the support of farmers thruout the U. S., in a conspicuous way calls attention to the fact that Argentine corn sells for 70 cents a bushel and can be corn prices which prevailed in

delivered in the eastern markets for 30 cents per bushel under the this country a few weeks since. The letter goes on to show that on an 80 acre field of corn producing 40 bushels per acre, that this Argentine menace cost \$500. Mr. Eckhardt says "If agriculturists were organized on as good a basis as labor unions, not one bushel of Argentine corn would be allowed in America. Labor union men pay dues amounting to \$2 per month or \$24 a year. What a different story you would tell today if the farmer was willing and ready to do one-half as much for agriculture. Their interests would be cared for at Washington and Springfield by the strongest men in America. If the farmer of Illinois is organizing in agriculture, the middle west is organizing in agriculture and soon the farmers of the U. S. will be banded as one great stone wall."

The slogan of the present movement which is taking on wide spread importance, is "organizing for justice."

## TRAFFIC LAW VIOLATIONS.

The flagrant violations of the traffic ordinance in Jacksonville have caused a Journal reader to call special attention to the following section of that much infringed law. It is a section too, which needs attention for it can only be a question of time until continued violation results in a serious accident. Section 5 of the traffic ordinance reads as follows:

"The driver of a vehicle overtaking a street car which has stopped to take on or discharge passengers, shall stop his vehicle 10 feet from such car so as not to interfere with or injure passengers who may be attempting to alight from said car. This includes automobiles, motorcycles or rigs drawn by horses. Any person violating either of these laws is subject to fine from \$10 to \$100."

## WELL DONE.

The Red Cross campaign for membership closed last night and again it did not close. As a matter of fact the membership roll now shows a very creditable number and it is known that hundreds of other names will be placed on the membership list, so that the total will run well beyond the 10,000 mark. It is a creditable showing indeed, for Morgan county and keeps up the good work and record which this community made for itself in all the war time activities.

Dr. Kopperl when asked to be campaign chairman did not demur altho he was entirely conscientious that he was tackling a difficult job. However, his generalship together with the earnest and efficient support of co-workers, taken along with the loyal support of the people generally, made for the splendid success which has been recorded. Two or three days ago those most active in charge of the campaign were frankly discouraged but conditions changed rapidly and victory was speedily recorded where a near defeat seemed imminent. Everybody is to be congratulated.

## THE CALL TO LOCAL PATRIOTISM.

Only ten days more and petitions can be filed with the clerk by citizens who are willing to make real sacrifice on the altar of local patriotism and run for city offices. The primary as fixed by law will be March 11 and the first day for filing petitions is Feb. 10, and the last Feb. 20. The floating debt facing the next city administration will be about \$125,000. The revenue from the water department and other moneys coming in will average little more than \$3,000 a month. No money will be available from anticipation until next year, unless an emergency relief measure is passed by the state legislature, so that the figures show very plainly that real patriotism is demanded from the next city officials.

It is going to take more than honesty and more than a desire to serve. There must be economy, some keen financial management and some way found of increasing the city revenue. Why wouldn't it be worth while to wipe out the city floating debt thru a bond issue and start off the new administration with a clean slate and a real chance to do something?

## SPECIAL CONVENTION DELEGATES.

Members of the Morgan County Republican Central committee

are to hold a meeting at the court house Monday to select delegates to the Republican judicial convention, which meets at Bushnell. These delegates when chosen will have the immediate friendship of the eight or ten attorneys who are anxious and willing to receive the party nominations at the Bushnell convention. The salary for supreme judges is accounted smaller than desirable under present living costs. The fact does not seem to deter the gentlemen mentioned in their willingness to accept judicial honors.

St. Louis believes in providing some public work for the reconstruction period and holds too that paying materials will not be offered at prohibitive prices. Bids are being asked for public improvements which will aggregate about \$500,000.

When the federal prohibition amendment becomes effective real estate along the Mexican border will have a new value. The bridges will be needed across the to be reinforced and in fact more bridge will be needed across the Rio Grande to bear the weight of the thirsty travelers. Liquor oases may be expected to spring up at various convenient points across the border.

## CREEL'S MODESTY.

George Creel in an article in Everybody's, with rare modesty gives the inference that he has brought the war to a close by the wonderful campaign of publicity which quickly broke down the German morale. He tells how he and his department sent literature into German lines and the inference is that this literary war which Mr. Creel conducted was even more effective than that of arms. Commenting upon this article the St. Louis Globe-Democrat has this fine bit of sarcasm:

"The casualties in the final fighting showed stiff German resistance, but Mr. Creel has figured it out that his distribution of literature had convinced them that their cause was hopeless. Gen. Pershing has said that the military situation compelled unconditional surrender, but Mr. Creel says the Germans could have fought for many months and they would have done it, but for his sowing of tracts. "The casualties demands an international investigation. Mr. Creel must not be cheated out of his laurels by the military cliques. If it was the pen and not the sword that beat the Germans, we ought to know it and build monuments to Mr. Creel and make his birthday an international holiday."

## Rippling Rhymes By Walt Mason

Wanting A Change.  
Sometimes when I have played my lyre until my hands are sore, I feel a great, profound desire to try some other chore. The stubborn glebe I'd like to break— Whatever glebe may be— or voyage of adventure make across the sobbing sea. I'd like to roam in distant lands, thru jungles dense and damp, until my lyre bespangled hands are free from writer's cramp. I tell my grief to Butcher Jones, and he is heart-sick, too; he's tired of selling marrowbones, and things that make a stew. I talk a while to Pastor Gregg; his troubles poignant are; sometimes he thinks he'd give a leg to be a movie star. I tell my hopes to Banker Burns; his spirit also aches; he'd like to peddle patent churns among the cross roads jakes. And every delegate I meet is feeling just the same; he'd think this life was doubly sweet if he could quit his game. The grocer wants to rise and preach, the teacher thinks it fierce to teach, when better jobs are close. All fellows have a wild desire to do the other thing; and so I take once more my lyre, and claw around and sing.

## CARTHAGE WON FROM ILLINOIS

Blue and White Lost to Carthage 9 to 8—Inability to Make Free Throws Lost Game.

Illinois College lost to Carthage at basket ball at Carthage Saturday night by a score of 9 to 8. Illinois was in front by a score of 8 to 7 until the last minute of play when Carthage slipped a field basket thru and finished on the long end of the score.

That, however, does not account for the loss of the game so much as the inability to negotiate free throws. Illinois had six chances to score by that route and the Coach Harmon tried three different ment not one could register a count.

Carthage put a big team on the field. Four of the men being over six feet tall. The center was six feet three inches and he was the main factor in the victory of his team. Coach Harmon speaking of the game over the telephone said that they played more football with Illinois than they did basketball.

Illinois after the game went to Keokuk where they spent the night and will come home over the Wabash this morning. The score:

## SPECIAL SERVICES AT GRACE TODAY

The services at Grace church today will be characterized by features of more than ordinary interest. In keeping with the Centenary movement of the denomination the church will launch the "Four Weeks' Educational Stewardship Campaign." It is believed that the impact made by a simultaneous presentation will lend momentum to the campaign. At the morning hour the pastor will speak on the "Stewardship of Prayer" and circulate the Fellowship of Intercession enrollment cards. Miss Scrimmer and Mr. Hopkins will sing "My Faith Looks Up to Thee," by Laehmer. The evening service will be a musical address by Dr. H. C. Woltman.

## A REAL ESTATE DEAL.

By a deal recently made thru Erickson & Dewese as agents, Dr. G. E. Baxter has become the owner of a 120 acre tract of land in the Meredosia lake and drainage district. The residence property at 814 West College avenue was included as a part of the purchase price, and as recently mentioned it has become the home of Charles H. James, deputy assessor possession having been given yesterday.

## BUSINESS COLLEGE LOST TO WINCHESTER

Scott County Boys Win Game By Score of 19 to 12—Game Was Slow the College Boys Being Tired From Mt. Sterling Game.

Winchester High defeated Brown's Business college at basketball at the Y. M. C. A. gymnasium Saturday evening by a score of 19 to 12. The game was witnessed by a large crowd and great enthusiasm was shown.

The game was slow as the Business college men were dead on their feet from the hard game played with the Cosmos club five at Mt. Sterling Friday night.

For the visitors Watt, Redshaw and Fletcher were the point makers while Daus, Crim and Norrup scored the points for the Business college. The Business college defeated the Winchester boys on their floor recently and the teams are now tied. It is thought that a game will be arranged between the teams to be played here in the near future. The score:

## FORMER RESIDENT CELEBRATES BIRTHDAY.

A number of old residents of Jacksonville will remember J. J. Alvies who lived in this city many years ago and at one time conducted a grocery store on the south side of the public square near the present establishment of Joseph Estaque. Mr. Alvies now lives at Farmingdale, Sangamon county, and yesterday he celebrated his 82nd birthday. Mr. Alvies was born in the Island of Madeira Feb. 2, 1837. After living in Morgan county for a number of years, about 45 years ago he removed to Sangamon county. He has been a successful farmer and only recently left the farm under the management of his son. The family includes a son, Edmund Alvies and three married daughters, Mrs. Charles Watts, Mrs. William McMillan and Mrs. A. R. Watts, Jr.

## ATTENDED AUTO SHOW

C. N. Priest, the Ford man, returned Saturday morning from several days business trip to Chicago and St. Louis. In Chicago most of his time was spent at the automobile show. While in St. Louis he attended a concert at the Coliseum by John McCormack, the world famous tenor. Mr. Priest says there were 10,000 persons heard this great singer, and thousands more were clamoring for admission, and that the police had difficult work keeping the crowds back from the coliseum entrance so that ticket holders could get in.

## Scott's Theatre

MONDAY and TUESDAY  
The famous Dairy Lane Melodrama. A tremendous tale of fast horses, flying fists and beautiful women, now produced with all the world for its stage.  
**"SPORTING LIFE"**  
A Paramount-Artcraft Special  
Directed by MAURICE TOURNEUR  
WHAT YOU OUGHT TO KNOW ABOUT "SPORTING LIFE": "Sporting Life", limited by the three walls of the stage, packed the biggest theatres of two continents. It ran at the huge Manhattan Oper House in New York for two seasons. The motion pictures will run forever. Sensational effects are employed in the photoplay—effects that were simply impossible in the stage version. They will astound you.  
"Sporting Life" has a love theme that will touch and warm the cockles of your heart. The two sisters, one of whom loved a lowly prize-fighter and the other an English lord, are delightfully captivating heroines. "Sporting Life" shows you Derby Day in England. A real horse-race, attended by a huge crowd, is shown in the picture. Thousands of people are in the cast of "Sporting Life". It is one of the six biggest productions made in years. The world famous National Sporting club is reproduced to the smallest detail. You see the ring gladiators in action there. See English Derby Day, see the sensational kidnapping, see the daring horse theft.

How many good spark plugs have you thrown away? Just because a plug gets dirty or oily, does not signify that it is no good, though it is a good indication that there is something wrong elsewhere. In a good working motor, with carburetor properly adjusted and ignition system O. K., the plugs will come out of the motor, after several thousand miles of running, bone-dry and clean; they will have a brown color from the heat in the cylinder.

What causes plugs to get dirty and oil up? If plug comes out wet with oil, it is from one of the following causes: Poor fitting pistons and rings, oil level too high, oil too light, or poor grade of oil.

If plug comes off covered with dry soot or only slightly oily, it shows poor combustion of gases in cylinder.

Causes of poor combustion: Poor fitting pistons and rings, leaky valves, weak ignition, carburetor out of adjustment, motor too cold, not enough heat supplied to carburetor, air leaks in intake pipe.

How many cylinders have you on your car that foul up the plug?

Only one you say, rest of them all right; just that one is causing the trouble.

Well, why don't you have it fixed? If you don't, and still want to continue buying plugs, we have all kinds to sell; also the Champion Spark Plug Cleaner, the best thing you ever saw to clean plugs.

Yours truly,

JACK.

P. S.: Champion X Plugs, 60 Cents each.

## FUNERAL SERVICES FOR NAT GOODWIN

Held in New York Under Auspices of Lamb Club—DeWolf Hopper Eulogizes Noted Actor.

New York, Feb. 1.—Funeral services for Nat C. Goodwin, who died here yesterday were held today under the auspices of the Lamb Club, a theatrical organization, and in the presence of hundreds of men and women who were associated with the actor during his stage career. The Lamb Club quartet sang hymns. The Rev. Dr. Nathan Seagle, pastor of St. Stephens' Protestant Episcopal church conducted the services and the eulogy was delivered by DeWolf Hopper.

Present also were the actor's parents, Mr. and Mrs. Nathaniel C. Goodwin of Roxbury, Mass., where the body will be buried and Miss Georgia Gardner, who was to have been Goodwin's sixth wife.

Mr. Hopper stood facing the casket, with his arms outstretched, when he spoke. This was his eulogy:

"Nat, I come here to voice my love and sorrow. What a wealth of significance conjured up by that name. What talents you possessed. Nat, you would go so far out of your way to do something for me or any friend. And what talents! Oft you were swayed by evil influence, but so many times more by the good and the pure. You occupied a pinnacle of success. For a time you weakened from the series of blows rained upon you, but you rallied and came back. Your whole life was such a wealth of nobility.

"Nat, your flesh is gone to the Lamb, but the remembrance of your comedy, your pathos, your altruism, will live with us forever. We are grateful to you for the lessons you have taught us."

## AGRICULTURE BILL PASSED BY HOUSE

WASHINGTON, Feb. 1.—After amending the annual agriculture appropriation bill so as to prevent salary increase of the employees of the department of agriculture who receive \$240 as a wage bonus from other legislation the house today passed the bill without objection and sent it to the senate. It carries \$31,680,000 of which \$1,000,000 is for emergency use in combating infection livestock diseases.

The limitation on salaries was the result of a fight, led by Representative McLaughlin of Michigan and Republican members, who charged that employees paid from lump sum appropriations at salaries fixed by bureau heads were afterwards transferred to the statutory roll at higher salaries than were paid for similar work in other government departments.

## INVESTIGATION OF SECURITY LEAGUE

CHICAGO, Feb. 1.—The congressional committee investigating the National Security League concluded its hearing in Chicago today and adjourned to meet at Washington.

Today's witnesses were Willet M. Spooner, secretary of the Milwaukee Branch of the league; August Vogel, president of the Milwaukee branch; Peter S. Lambrus, Chicago, a member of the committee on the Chicago branch which investigated into the qualifications of certain congressional candidates last fall and Edgar A. Bancroft, chairman of the executive committee of the Chicago branch.

The gentlemen from Milwaukee testified that the league in the city adopted a resolution in 1916 binding the league to steer absolutely clear of politics and adhered scrupulously to that covenant.

## CUTTER FORGERIES STILL INCREASING

Chicago, Feb. 1.—That Millard H. Cutter, now serving an indeterminate term of from 1 to 20 years in the penitentiary for forgeries which are said to have netted him more than \$700,000 may have obtained a much larger sum was the opinion expressed by Judge Kavanagh in the criminal court today who reinstated two cases against Cutter, previously dropped, to enable R. M. Grant, an investment broker, to file information of an alleged \$97,000 forgery alleged to have been committed by the defendant with Grant as the victim.

## REACH AGREEMENT ON OIL LAND BILL

WASHINGTON, Feb. 1.—The deadlock in congress on oil and leasing legislation was broken tonight, when senate and house conferees reached a tentative agreement on the bill which has been in dispute since last May. Chairman Pittman of the senate managers announced that changes would be announced Monday after a final meeting of the conferees.

The bill which has been pending before congress for four years affects the development of more than fifty million acres of public mineral lands in the west. It also provides for the opening of approximately six million acres of oil land and its development, thru a leasing system or outright purchase, the opening up for development of forty million acres of western coal land and vast tracts of other land containing deposits of gas, phosphates, oil, shale and sodium.

## ALL PRICE CONTROL OVER COAL LIFTED

WASHINGTON, Jan. 31.—All price control exercised by the fuel administration over anthracite and bituminous coal and coke will cease tomorrow under a blanket order signed by Fuel Administrator Garfield and made public tonight. Zoning regulations and practically rules for the distribution of fuel as well as most regulations concerning oil and natural gas promulgated under the Lever act as war measures, also are rescinded.

Virtually little work for the fuel administration will remain when the order goes into effect but officials said it would continue in operation until peace was formally declared and would keep a close watch on the fuel situation and, if the necessity arises, restore any and all of the regulations which now are rescinded.

Announcement that regulations governing bituminous coal and coke would be abolished tomorrow was made some weeks ago and officials said then that there would be a drop in the price of both commodities.

The order affecting anthracite was not announced until tonight and there were conflicting views as to its effect on prices. Some officials expected practically no change while others said the price of the lower grades should drop 25c to \$1 a ton and that certain higher grades would cost more than heretofore.

## CHRISTY MATHEWSON MAY MANAGE GIANTS

NEW YORK, Jan. 31.—Christy Mathewson, idol of New York baseball enthusiasts for many years may become manager of the New York Giants, according to reports in well-informed baseball circles today. While official confirmation of the report is not obtainable the fact that Pat Moran yesterday signed a contract to succeed Mathewson as manager of Cincinnati Reds is regarded as significant.

Mathewson, who is in France as a captain in the chemical service of the United States army failed to answer a cablegram from President Herrmann of the Cincinnati club, concerning a renewal of his contract. John J. McGraw, who recently acquired part ownership of the Giants is reported to be anxious to relinquish the burden of active field management.

## Social Events

## Mr. Orlean Keemer Celebrates Her Birthday.

This is the 63rd anniversary of the arrival of Mrs. Orlean Keemer into the world and she will quietly celebrate the occasion with children and grandchildren at her home near the Morgan mills site, north of the city. Her sons, Henry and wife of Peoria, and John D., and wife of Scott county, are expected to be present and have a pleasant time together.

## Martha Story Surprised On Her Birthday.

A very pleasant surprise was given for Mrs. Martha H. Story Friday on the occasion of her 86th birthday at her home 500 North Diamond street. The worthy lady had no idea that any one would pay any special attention to the occasion and had made no special preparation but her dutiful son and daughter and other relatives thought differently so arming themselves with an abundance of the good things of life they made a descent on the dwelling of their victim taking her absolutely by surprise. When she saw what was intended she took in the situation most gracefully and needless to add was very much pleased to know that she was so kindly remembered. The day was very pleasantly spent and of course the superb dinner was no small part of the program and as the afternoon wore away it was with regret but genuine good wishes for many more such occasions the self-invited guests departed.

These present were her daughter, Hattie, Mrs. George Seymour and husband, her son, Charles F. and wife; her sister, Mrs. Julia Whitlock and niece, Miss Hazel Wood of Murrayville; her brother, W. T. Spies, and niece, Miss Carrie Spies of this city.

## Dinner Da'ce at Colonial Inn.

A group of society people entertained with a dinner dance at the Colonial Inn Friday night. After a splendid eight course dinner had been served the hours until midnight were spent in dancing. Randall's orchestra furnishing a delightful program of music. This was the first of a series of social events to be given at Colonial Inn and life there during the winter and spring months promises to be especially pleasant.

The members of the company were all enthusiastic about the Inn in its new furnishings. The out of town guests were Mr. and Mrs. George Conover, Mr. and Mrs. Frank Robertson, Decatur; Mr. and Mrs. Edward Schultz, Mr. and Mrs. Al Schultz, Mr. and Mrs. Earl Knight, Beardstown; Mrs. Edward Barth, Miss Day, Miss Jones and Mr. Jones, Springfield; Lathrop Ward, Battle Creek, Mich.; Misses Matthews, Kansas City.

## THE VERY LATEST SPRING MODELS IN SAILORS AND TRIMMED HATS ON SALE AT HERMAN'S.

THE MAN SAID.  
He was standing at the Ayers' corner, about where John King or Abe Gregory used to "linger lovingly about", and he had on a blue blouse, with one sleeve empty. He also wore a Grand Army button.

Then the old citizen hailed him, with: "What regiment were you in?"

He replied: "The 101st!"

Old citizen started up again: "Lose your arm in the war?"

"No! Lost it in a sawmill, after it."

"Same thing, too, my boy, fifty years after the War had his right big toe sawed off in a mill."

Which all agrees to show that wars are not the only dangerous things to be in.

"Don't bait your hook with a piece of cheese,  
And go to the barn and fish for fleas;  
But bait your hook with a lion's tail,  
And go to the seas and fish for whale."

This is the principle of the American people. We are strong enough to stop the greatest world's war; we will be wise enough to guide the world in the great period of reconstruction to our good. Mr. Wilson said the world must be fed to stop Bolsheviki influence. There is a movement to raise wages in Europe which will mean satisfied stomachs instead of hunger; and we must raise more food to feed them. Come in and let me sell you a farm and help in the great period of reconstruction.

## COW TESTING ASSOCIATION RECORDS.

The January report of the Jacksonville-Springfield Cow Testing association, which has just been made public by Lon R. Henderson, official tester, shows that a total of 414 cows were tested during the month. Of this number a total of 58 cows produced an average of 40 or more pounds of butter fat during the thirty day period. Eighteen of this number averaged over 50 pounds of butter fat for the month.

The record herd average for the month was that made by the nine grade Holsteins and one Jersey belonging to James McMurdo of Auburn. These ten cows made a milk average of 1,230 lbs., which had a test average of 4.0. Mr. McMurdo is also the owner of the cow which made the highest record for the month. This is a grade Holstein, which produced 1,475.6 pounds of milk, tested 5.0, and had a butter fat production of 73.78 pounds.

## J. H. KOEPPING HOME

ON FURLOUGH  
A fine looking young man of the navy was on the streets yesterday and proved to be G. H. Koeppling, step-son of S. N. Stratton, rural route 7, Box 25. The young man enlisted in the navy Oct. 10, 1916 and has spent much of his time in the war zone and knows what the rigors of sea-service are. He wears on his sleeve two gold chevrons, testimonial to his service and has surely made good. He served some time on the Cruiser "Seattle" which conveyed ships from this country to Europe. He saw much varied service while doing that kind of duty and became well insured to the sea.

Later he was transferred to the destroyer "Thill" which is now in the Brooklyn navy yard which enabled him to get a fourteen day leave of absence. Last February his ship took across Secretary Baker of the president's cabinet. The young man evidently has made good on the water and looks fine while he found plenty of friends glad to see him. He enlisted for four years so has considerable time yet to serve.

**BACK FROM CONVENTION.**

Mrs. W. W. Anderson, Mrs. H. E. Tucker and Mrs. F. M. Roberts of Chapin were among those who attended the convention of the 20 and 21st districts of the Illinois Federation of Women's clubs at Springfield Friday.

Many club women of the two districts were in attendance and the convention program was one of special merit.

Miss Jessie I. Spafford, president of the federation, presided, and many well known speakers were heard at addresses. The luncheon given at the St. Nicholas hotel was a pleasant social feature of the convention.

**MET OVERSEAS.**

A recent letter from Rev. Walter E. Spornis, who is now in France, tells of the unexpected meeting the writer had with Rev. Joseph Hanley, the evangelist who conducted a series of revival services at Grace M. E. church in the fall of 1917. Rev. Mr. Hanley is now a chaplain with the American troops overseas.

### MORGAN COUNTY LIVES UP TO GOOD RECORD

RED CROSS MEMBERSHIP CAMPAIGN SCORES SUCCESS

Roster Already Shows More Names Than in 1918 With Hundreds of Others Still to Come—10,000 Will Easily Be the Total—Campaign Committee and Workers Met Tasks Lojally.

The total number of Red Cross memberships enrolled when the headquarters closed Saturday night was 8,858. This is a larger number than the enrollment for 1918 and Waverly is still to hear from. As already announced, the canvass there cannot be made at this time on account of health conditions. Some other returns from the county are incomplete also, so that it is safe to put it down as a fact that the 1919 membership will be around the 10,000 mark, and it is not too sanguine to expect that it will exceed this figure.

It is really a remarkable showing when it is taken into account that the canvass for members has been twice delayed. It was originally scheduled for December when the country wide campaign was in progress and was postponed for a few weeks because of health conditions. Then still another postponement seemed advisable. There were in consequence some of the campaign managers who at this time entered upon the work with some misgivings. There are, too, some health conditions which made the canvassing work difficult and many changes in team memberships have been necessary.

**Big Task Well Done**

Dr. G. H. Kopperl as campaign manager undertook a herculean task which he met with great ability. He was ably assisted in the work of preparation and in the active canvass, and there are many who can properly share in the credit for the success of the campaign. W. Barr Brown was chairman for the county and had his work thoroughly organized. Mrs. F. J. Heintz was cashier at the Red Cross headquarters, with Miss Dawson as assistant. Mrs. Lillian King, Mrs. Clark Green also gave valiant service.

Owing to the excellent leadership of E. A. Brennan in the business district, 98 per cent of the business houses were listed in the 100 per cent class. Mrs. Keith Montgomery, who was the captain of women, gave the work early attention but a day or two since was compelled to leave on account of the illness of her mother and her duties fell to her first lieutenant, Mrs. C. A. Johnson. The women's organization had charge of all residences in the wards and in South Jacksonville. The membership records by wards were as follows:

South Jacksonville, Mrs. Ben Lorton, captain—102.

First ward, Mrs. J. P. Meany, captain—250.

Second ward, Mrs. A. Wehl, captain—577.

Third ward, Mrs. M. D. Shanahan, captain—391.

Fourth ward, Mrs. S. W. Babb, captain—472.

Mr. Brennan as chairman of the business district, had the able assistance of the following captains:

First ward—Charles F. Ehnle. Second ward—Henry Frisch. Third ward—M. R. Fitch. Fourth ward—Thomas Duffner.

These men had the earnest cooperation of team workers. Dr. Kopperl as chairman, said last night that it would be entirely impossible to list the names of all those who had assisted and made the good results possible. The number of members thus far secured in Jacksonville and the precincts of the county are listed below:

**By Precincts**

- Alexander ..... 538
- Arcadia ..... 12
- Chapin ..... 300
- Concord ..... 464
- Franklin ..... 538

- Meredosia ..... 333
- Murrayville ..... 224
- Nortonville ..... 5
- Prentice ..... 163
- Woodson ..... 450

Captains who have directed the

work, in addition to those mentioned above are:

- Alexander—F. J. Kaiser.
- Arcadia—W. J. Houston.
- Chapin—C. A. Allen.
- Concord—George Deitrick.
- Franklin—Dr. F. H. Metcalf.
- Jacksonville No. 12—Marcus Hulett.

- Meredosia—Mrs. Eli Harshman.
- Murrayville—S. F. Sooy.
- Nortonville—Mrs. Harry Fanning.

Prentice—Edward Collins. Waverly—Robert E. Coe. Woodson—S. J. Baxter. The committee has called special attention to Concord as nearly 100 per cent membership has been enrolled there. The canvassers expect to continue the work until everybody in the precinct is a Red Cross member. Some other precincts have as good records and it is likely that additional facts will be printed at a later time.

The headquarters will be open Monday to receive memberships and reports.

### HOPPER ESTATE

**PROPERTY SOLD**

Land belonging to the estate of the late Elizabeth Hopper was sold at auction at the south door of the court house Saturday. A tract of 120 acres located in the vicinity of Sinclair was purchased by John G. Moore of Granite City for \$251.25 per acre. The land is leased to Newton Wilson. It is high quality land but somewhat in need of drainage and the price is accounted as very satisfactory.

A lot in South Jacksonville also belonging to the estate, was sold to Robert Rook for \$50. Executors of the estate are Charles B. Graft, Jacob W. Strawn and Harry C. Clement. The auctioneer yesterday was Charles M. Strawn.

### PRIMARY ELECTION DAY DRAWS NEAR

Ordinance Will Show March 11th as the Date—Feb. 10th is First Filing Date.

At the meeting of the city council Monday morning the first reading will be given to the ordinance providing for the city primary election which is to be held March 11, in accordance with the general law of the state. R. L. Pett, city clerk, has the ordinance ready for presentation. As the election is to be held March 11 the first day on which candidates may file petitions is Monday, Feb. 10, and the last day on which petitions may be filed is Thursday, Feb. 20. The election will be held at the 16 voting precincts. Men and women have the right to vote and the polls will be open from 6 a. m. until 5 p. m.

The general election will be held April 15, when the choice will be made between the successful candidates in the primary election March 11. Thus far the only publicly announced candidate for any office is Charles DeSilva, who is seeking the Republican nomination for alderman in the second ward. It is presumed, however, that before the time of filing petitions has expired that there will be a number of available candidates.

In the primary the voters will have the right to nominate a mayor, city clerk, city treasurer and city attorney on the Republican ticket and to make like nominations on the Democratic ticket. Two Republican aldermen and two Democratic aldermen will be nominated in each of the four wards. As there is no limit to the number of persons who have the right to be candidates, it is assumed that those suggested for the city offices receiving the highest vote will be nominated and that for aldermen the two members of each party receiving the highest number of votes will be declared the party nominees.

The general law, under which the city will operate after this election, provides that aldermen can charge for their services not to exceed \$10 for each regular meeting held. The salary of the mayor according to law cannot exceed \$1200. Provision is not made for the salary of clerk, treasurer, or attorney and these will be fixed by ordinance after the council comes into being and is organized.

### COLLEGE OF MUSIC NOTES.

Registration for the second semester begins on Monday, February 3rd. Registrations may be made in the college office. Mr. Stearns will be in his office all of Monday morning to confer with prospective patrons and pupils. Indications point to a much larger enrollment the second semester than the first.

Miss Lazelle scored a veritable triumph with her numbers before the Liederkranz of Belleville on last Saturday evening. All were enthusiastic in their applause and the suggestion has been made that she shall return next year.

Rehearsals of the Madrigal club and the college orchestra are proceeding with splendid enthusiasm on the part of all concerned and the annual spring concert of these organizations bid fair to exceed any so far given by them.

Thursday afternoon of last week the children's department gave its regular monthly recital. During the epidemic of the influenza these were discontinued but now that the quarantine has been discontinued they have been resumed. A feature of the program Thursday was the playing of a "Waltz of his own compos-

## Birthdays

We are wondering if in every home they are remembered as they should be, particularly those birthdays of the children—such remembrances afford many happy recollections in the years to come.

And as for that, it is too bad that every person's birthday is not fittingly remembered.

There need not be a great expense, just something to show that another is not forgotten—to create happy thoughts and pleasant memories.

If conditions are right, a little gathering of intimate friends, and at least some token of regard.

Are we not right?

### Y. M. C. A. WORKER HAS THRILLING STORY

Frank M. VanEpps, Seriously Wounded in the Argonne, Describes Experiences—Saw the War on Four Fronts.

Chicago, Jan. 31.—More than 700 Y. M. C. A. workers saw service with the soldiers of the American Expeditionary Force in the front lines during the last months of the war.

Frank M. VanEpps, seriously wounded while serving as Y. M. C. A. worker in the Argonne, told of some of his experiences when he returned to Chicago yesterday. They were not without thrills. On the way to France last April on the Oronzio, VanEpps and 56 other "Y" men narrowly escaped drowning when the ship was torpedoed by a German U Boat.

VanEpps, who was divisional secretary of the Y. M. C. A. outfit, worked with the Fifth division until the armistice was signed. He was dressed up in a doughboy's uniform when he arrived here. A limp and a kitbag over his shoulder containing what is left of his equipment complete his souvenirs of more than six months' service overseas.

**Picked Up By Destroyer.**  
VanEpps saw the war on four fronts in France and Alsace, serving in the first line trenches on two of them. When the Oronzio was torpedoed on April 29, six miles off the coast of Wales, U boats "gat" two out of a convoy of seven steamships. The Oronzio went down in twelve minutes after she was struck, and VanEpps

and other "Y" men lost all their baggage. They were picked up by a torpedo boat destroyer and landed at Holly Head, Wales.

In Southern and Middle Alsace, VanEpps was in the first line trenches and at St. Mihiel, when the drive opened, he became a stretcher bearer after his supplies ran out. Getting word to shift to Argonne, he travelled all night by train, on trucks and afoot, and spent the next three weeks sleeping in shell holes and trenches when he was not at work.

At Madeleine Farm, on Oct. 18, VanEpps and Thomas F. Hadley of Iowa, another Y. M. C. A. man set up shop in an old barn. All but three of the twenty-five "Y" workers went back to get supplies. The barn had been under shell fire for several days, but VanEpps and Hadley decided it was good enough to sleep in. They built a bed of boxes of jam, with a tub of chewing tobacco for a pillow and lay down.

**Wounded By Shrapnel.**  
Half a mile back, an American battery was hammering the Germans, and two German airplanes came over looking for the position. They let go two bombs on each side of the barn. Soon came a third which struck the roof, bringing down a mass of rafters and beams and scattering shrapnel. A splinter was driven thru the calf of one of Hadley's legs and a piece of shell tore both VanEpps' thighs.

After dressing stations and field hospitals had finished with them they spent half a day in an ambulance and then were put aboard a French hospital train, where they remained another two days. One of these days was Sunday, so VanEpps, at the suggestion of some of the doughboys "put on" a service, conducting it propped up in his stretcher. At the field hospital, VanEpps' "Y" uniform had to be cut off him, so he got an army uniform to come home in.

VanEpps said he observed the various welfare agencies at work all along the line and found most of them earnest and conscientious laborers. Regarding the lack of supplies and workers in the Y. M. C. A. he said:

**Difficult to Get Supplies.**  
"The Y. M. C. A. suffered severely because of lack of workers. In our section we had only one-third of the number required and often we Red Triangle men worked fourteen hours a day. It was always difficult to get supplies and more difficult to have them transported to the points where the men were, but as long as we were able to keep moving the Y. M. C. A. kept going along with the men. There were 700 "Y" workers to serve the 300,000 troops in the front lines."

VanEpps in his Red Triangle work had among his co-laborers L. P. Putnam, who is now in Y. M. C. A. work in Chicago, S. W. Dean who is still in France, Professor Allan Hoben of the University of Chicago, who recently returned, Ed Klee of Waukegan, John Dobbins of Aurora and T. J. Killin of Pontiac, Illinois.

VanEpps was business manager of the Y. M. C. A. College in Chicago before going overseas to serve the "Y."

### SPECIAL SERVICES AT LYNNVILLE

A series of special meetings will be held at the Lynnville Methodist church, beginning Monday evening, and continuing, as at present planned, at least two weeks. A very interesting program has been arranged for next week, with a different speaker each night, discussing subjects of especial interest to the rural church.

Monday evening, Mr. George B. Kendall, Morgan county farm adviser, will speak on "The Church as a Community Center."

Tuesday evening, Rev. G. B. Hayes, of Curran, one of the most successful rural pastors in Central Illinois, will tell how he secures results thru the Community Survey, or "The Church Taking its Inventory."

Wednesday evening Rev. F. M. Rule, D. D., will tell of the great Centenary movement, of "The Church and its World-Wide Vision."

Thursday evening Rev. J. D. Krueger of Virginia, will speak on "Organizing for Victory," explaining the unit system which is being adopted so generally by churches of all denominations, and is fairly revolutionizing church work wherever used.

The speaker and theme for Friday evening will be announced later.

### NOTICE TO CONTRACTORS

Bids will be received by the city council until noon, Thursday, Feb. 13, 1919 for the construction of certain sidewalks on the following named streets: Because of failure on the part of property owners to comply with notice sent them, the city will have the work done and charged against the property in accordance with the law. The streets are as follows: North Main, South East, Pine, North Diamond, West College, South Sandy, Lorton, West Court, Myrtle, Mathers, Cox, South Diamond, North Church, West Railroad, Grove, East Court, Westminster, Park, Brown, Prospect, Fulton, East State, Howe, South Fayette, Bedwell, Richards and Bissell streets. Also West College, East College, Illinois, Allen, South Clay, East Independence and Ashland avenues. The council reserves the right to reject any and all bids.

R. L. Pyatt, City Clerk.

You Cannot  
Have Style  
Unless There  
Is Quality

In shoes, as in everything else, it is impossible to build perfect styles from poor quality—it can't be done. There first must be quality or the styles that your heart was set upon, and that you bought with so much pleasure, will not stand up.

It is the policy of this store to sell quality footwear first, last and all the time, for the least money; and in doing so we don't have to bother much about the style—style follows quality as night follows day.

## OBITUARY.

Rachel Lincoln Housekeeper, daughter of Cheyney Hickman and Emma DeHaven Housekeeper was born in Beardstown, Ill., March 29, 1858.

and grew to young womanhood in that community. She received her literary and early musical education in that city, but in 1876 she spent a year in Philadelphia, Penn., in the prosecution of her study of music.

In her early years she entered into the social and musical life of her native city, and was a favorite with her many friends and acquaintances.

She united with the Congregational church in Beardstown in her girlhood, and was active in several departments of the church work especially as organist, and in connection with the primary department of the Sunday school.

She was united in marriage to Walter S. Reaick, April 13, 1882, and has ever been a most loving and devoted companion and helpmate. Soon after their marriage the home was established in Ashland, where she has been identified with the church and social life of that city all these years.

Mrs. Reaick with her husband early united with the Methodist Episcopal church of Ashland and has had an active interest in the church's life. In the year 1894, when her home duties were such that she could assume the responsibility, she was elected primary superintendent of the Sunday school, and was devoted to the service for the little ones, until the year 1914, when her failing hearing compelled her to surrender the work which had been so dear to her heart.

For twenty years she gave the impress of her life upon the young people of her church, which cherish the memory of her devoted ministry.

She was a lover of good literature, and one of the delights of her later years has been her Christmas selection of the best books for her friends young and old. It has been her pleasure to encourage the reading of good books, on the part of the children and young people of her neighborhood, and her "circulating library" has been a source of satisfaction to her and to her young friends.

Her charitable spirit has shown itself in her kindly ministrations to many who were less favored.

Mrs. Reaick has not been in robust health for some months, but was busy about her home duties, which have been her chief delight during her recent years of loss of hearing, when some two weeks ago she contracted a heavy cold which terminated in pneumonia. After a week's suf-

fering she peacefully fell asleep, Monday, Jan. 27, 1919. She leaves her bereaved husband, Walter S. Reaick, three daughters, Clarice H. and Helen E. and Mrs. Harry J. Lohman, her two grandchildren: Rachel Lydia and Walter Reaick Lohman, and her only surviving sister Mrs. Mary R. Housekeeper.

## THE BOY IN THE M. T. C.

This poem was sent to Mrs. Elmer Henderson by her husband Elmer J. Henderson, who is in the Motor Truck Co., No. 184, France.

It was written by a boy in the company. Mother take down your service flag.

Your boy's in the M. T. C. He shouldn't be classed with the boys at the front.

The boys in the infantry, But I don't need a service flag To let them know that he, Does as much for his country as

any man. Outside of the M. T. C.

When the men in the front line trenches, Haven't a thing to eat, Then its up to the boys of the M. T. C.

To perform their little feat, So off they go in five ton trucks, Which are loaded with fresh meat.

Straight on thru front line trenches, In spite of the battles heat.

The M. P. yells as they go by, "There's gas in section three," So they stop their train to adjust their masks.

For that's compulsory; Then truck number four is blown to hell.

As a shell tears thru a tree, Mother take down your service flag. Your boy's in the M. T. C.

Another one goes at Dead Man's Bend, And that leaves only three, Out of five of the trucks that started out.

One from each company, The three pull in and unload the grub, While Jerry guns you see, Make things as hot as possible, For the boys in the M. T. C.

They work out in the open Where the wily Fritz can see, And they have no protection, From his artillery, So ask the boys in the trenches Where they would rather be, And they will tell you its safer anywhere.

Then in the fighting M. T. C. And when the war is over, And they are all in the U. S. A. Telling stories of the battles, They took part in each day, There will be few left to tell the story.

How the boys of the M. T. C. Went thru the shot and shell in the face of hell, To feed their infantry.

## FROM COUNTY AGENT'S OFFICE

Branch Office Visits—Chapin was scheduled for a branch office visit on Thursday afternoon. A number of farmers were in town. Several of these met with the county agent in the directors' room at the State Bank, and looked over the soil maps recently completed for that vicinity. A number of the farm subjects were discussed informally. The great interest seems to be in corn and soy beans. A similar meeting was held in E. E. Murry's store at Liberty on Friday. It was what our literary friends might call a round table discussion except we were not around a table. If this meeting is any indication Liberry will also have a considerable acreage of corn and soy beans this coming season.

Meetings at Lynnville—The county agent has been asked by Rev. F. C. Read of Lynnville to speak at a community meeting at Lynnville on Monday evening, Feb. 3rd. The invitation has been accepted. The meeting will be held in the M. E. church at 7:30 p. m. Subject: The Church as a Social Center.

Have You Ever Been Asked—“If we plow under a crop of green clover in the spring, will the succeeding crop of corn get nitrogen from it?”

“Which is better to plow it under, green or dry?”

“In what place in the rotation shall we put a legume, if nitrogen production is the chief object in view?”

“At what stage shall we plow this under in the spring?”

“Why is there danger in plowing under a crop of green clover very late in the spring and follow immediately with planting of corn?”

Now we have the answer to the first of these questions. The College of Agriculture has recently determined that sweet clover plowed under in May and planted in corn gives more nitrogen to the corn crop than a coating of manure applied at the same time. This method is not intended to belittle the value of manure but does show a practical method adding humus and nitrogen to the soil where manure is not available.

Meeting of Executive Committee—This meeting was held at 12:30 p. m. Saturday as scheduled. President Charles S. Black called the meeting to order. An interesting feature of the meeting was the report of the committee that attended the meeting of the Illinois Agricultural Association at Peoria. No action was taken toward affiliating with the state organization. A committee was appointed to plan for an annual round-up in the way of a noon day luncheon at one of the churches in Jacksonville. This committee will meet next Wednesday morning at 10:00 o'clock to plan for this event. In all probability, this luncheon will include the wives of the club members, as well as the out of town speakers.

A membership campaign will also be one of the features of the coming month. Members have been joining during the year but no special effort has been made to increase the membership until the present time. However, the executive committee wish it clearly understood that new members are always welcome and any member is at liberty to bring in the name of anyone who wishes to become a member of the Morgan County Farmers' Club.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil, you know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

of representative dairymen, from all parts of the county, met in the Grand Jury room on Saturday and had a round table conference in which dairy problems were discussed. The gathering was called to order by the county agent, who explained that farm activities were moving along five well distinct lines. Soil improvement, crops, livestock, dairying and farm management. Recently there have been some developments in the dairy situation that warrant a conference. Mr. Stannard of the State Department of Agriculture was present and spoke of a cow campaign. That was very much needed. L. T. Potter, contributed to the discussion. In addition a number of other men, who were interested in dairying took part in the discussion. As a result it was decided to hold a big dairy meeting in Jacksonville on Wednesday afternoon and have a very complete discussion of the needs of the dairy industry as brought out in this round table conference. In all probability, a very definite program will be arranged and speakers will be invited from a distance to take part in the meeting.

Poultry Conference—A conference of poultrymen is scheduled for Saturday afternoon, February 8th. Plans are not absolutely complete. In all probability, some up to date demonstrations will be features of this meeting.

## COMMUNITY FORUM CONGREGATIONAL CHURCH THIS EVENING

Arthur C. Ryan, a compelling speaker, who has spent many years in Turkey and the Near East, will tell the story of Turkish misrule and the outrages on the Armenians, Syrians and Greeks. He will not describe particular horrors but give explanations of the causes of the crimes and discuss the future of the Turks and the Christian peoples of the Near East. Mr. Ryan is on call to return at once to Turkey, but before going is giving his time to informing Americans of the real situation and problems in Asia Minor.

Mr. Ryan speaks under the auspices of the American Committee for Relief in the Near East, but will not make an appeal for funds. A question period will follow his address.

You'll like it at the Congregational church.

## COLLEGE NOTES

The final semester examinations have been held during the past week, registration for the new semester taking place on Friday and Saturday. A number of the older men who have been discharged from the military service have returned to resume their college work.

I. B. Potter officiated at basketball games in Mt. Sterling and Barry recently. He will resume his work as instructor in mathematics and physics in the College at the beginning of the second semester.

Dr. William F. Luebke, who is to take the place of Prof. Ames during the latter's leave of absence has arrived and will begin his duties on the faculty Monday.

Royal Davis, '17 who recently returned from overseas service was a visitor on the campus Wednesday. While in overseas service, Davis was promoted to a first lieutenant in the artillery. He got as far as the old Marne Battle front.

President Rammelkamp recently received a letter from Dr. Thomas W. Smith, '87, who is now in Y. work overseas. Dr. Smith wrote from Cannes, France where at that time he had charge of the religious work among the soldiers. He writes that he expected soon to be with the army of occupation.

Waldo M. Spruit, ex '14, has been appointed principal of the high school at Media, Illinois.

A special meeting of the Board of Trustees of the College has been called for Tuesday evening to consider the West College avenue paving proposition and other business.

Mr. Arthur C. Ryan who speaks at the Congregational Forum this evening, will address the students of Illinois College at Chapel exercises Monday morning on the situation in Turkey and Armenia.

## LYNNVILLE CIRCUIT

The churches of Lynnville Circuit, in common with all churches of the Illinois Conference, will conduct during February a "Stewardship Campaign." Special sermons will be preached each Sunday on different phases of the general theme "Christian Stewardship." The subject for this Sunday will be "The Stewardship of Prayer."

At Lynnville arrangements are being made also for special week night services during at least the first two weeks of the month, with several prominent speakers for the different nights.

Sunday's program at Lynnville will be Sunday school at 10 a. m.

Preaching service at 11. Mt. Zion, Sunday school at 2 p. m.

Preaching service at 3. Merritt, preaching service at 7 p. m.

F. C. Read, Pastor.

WILL ENTERTAIN FOR MRS. NICHOLSON.

Mrs. Joseph R. Harker will give a reception at Illinois Woman's College Monday afternoon for Mrs. Thomas Nicholson who is to lead the week of prayer service at the college. The hours are from 3 to 5 o'clock and all friends of the college are cordially invited to meet Mrs. Nicholson.

Mrs. Clara Grassly will go to Chicago Monday to purchase millinery. She expects to be away about one week.

## ILLINOIS WOMAN'S COLLEGE

Miss Lydia Rieck attended the funeral of Mrs. W. S. Rieck of Ashland, Thursday January 30th.

Word has been received concerning the death of Miss Ella Mae Schwaab of Louisiana, Mo. Mae Schwaab of Louisiana, Mo., last year's Freshman class. Mrs. Schwaab passed away during the week of her daughter's decease. The college has sent word of sympathy to Mr. Schwaab, who alone survives.

Miss Margaret Taylor, dean of the college, gave an informal "at home" Wednesday evening in honor of Miss Grace Cowgill.

The final examinations came to an end Saturday afternoon much to the relief of both students and faculty. It is interesting to notice that young women filled with apprehension before the examinations commenced are smiling with satisfaction, due to sympathetic consideration on the part of the examiners and the fair tests of the work performed by the examined.

Preparations have been made this week for the week of prayer, commencing February 3rd Monday evening. President Harker delivered an address on "Triple Personality," emphasizing the need of development in physical, mental and spiritual realms of one's life. He stated that it was very easy to exercise physically, that the instructions of the college stimulates mental activity, but that each individual must for herself exercise the religious faculties. His advice, expressed as a sincere yearning, was to take advantage in every possible way of the week of prayer.

Vice-President Nyman delivered an address at the chapel on the words, "That He May Incline Our Hearts," stressing God's wooing of human hearts to his will. The value of prayer for others was likened to the effect of the blacksmith's forge upon the iron, which then could be molded into any fashion, or the effect of heat upon a candle, causing the same to bend towards it, so intercessory prayer predisposes others towards God. At the time of Tuesday evening prayers, special petitions were offered for Mrs. Nicholson's work during next week.

On February 7th, 8th and 9th there is to be a most important week end conference for Christian students at Garrett Biblical Institute, Evanston, Illinois. The convention is being promoted by the Life Service Department of the Centenary Movement of the Methodist Episcopal church. The purpose of the convention is to put forth in the broadest, most statesmanlike fashion the present world task before the Christian church, and the challenge of the same in terms of heroic Christian service. The faculty has elected Miss Mary Whiteside of Carrollton, Ill., senior, and Miss Zereta Schwartz of Hoopston, Ill., junior, as delegates to this conference. Dean Taylor will accompany them.

Miss Annie Reavis Gist, '84, of Fall City, Nebraska, spent the week end at the college, visiting her daughter, Miss Elizabeth. Mrs. Gist is sorely bereaved in the death a few weeks ago of her son, who was in the army service.

Mrs. Lillie Griffith Pawcett, '84, of Springfield, spent Friday at the college visiting her daughter, Miss Pleasant.

CLOSING OUT SALE.

James Mahon will hold a closing out sale at his farm, the old Taylor place south of Sinclair February 14, of stock and farm implements.

## MAVERICKS

One thing commendable about February is that it only has twenty-eight days.

Chicago is threatened with a milk famine so dispatches say. However, it should not bother residents of the loop district much for we never saw anyone in that portion of Chicago drinking milk.

We are going to be deeply interested in that story of how the government handles the express business. A great many people have received the impression in recent months that it was handling itself.

The College Rambler funny man refers to George Ade's remark, "Pigs is Pigs," only George didn't make it.

It is to Laugh.

Postmaster Burleson told a committee down in Washington the other day that it was necessary for the government to control the telephone and telegraph companies for several more months in order to assure business men adequate service. We would like Mr. Burleson's definition of service.

Louis F. Swift says the packers stand to lose heavily if prices fall. We predict that not many consumers will shed tears over any losses the packers sustain.

That Chicago man who tore off his wife's ear so he could recognize her must be nearsighted.

Just when egg got to a reasonable price our hens started to laying.

Welcome to our midst Mr. Groundhog.

G. W. D.

## LYNNVILLE CIRCUIT QUARTERLY CONFERENCE

The second quarterly conference of Lynnville Circuit will be held Saturday at 2 p. m. at Ayers National Bank. A full attendance is greatly desired.

F. C. Read, Pastor.

## DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Look At Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of "California Syrup of Figs," sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Adv.

## FIRE DEPARTMENT HAS THREE CALLS

Several Runs Made Saturday—Damage Small in Each Instance.

The fire department responded to three alarms Saturday, tho in each instance there was small damage.

The first was at 2:45 o'clock Saturday afternoon when an alarm was sent in from 226 Reid street. The property is owned by Dr. P. L. Brown and occupied by George Hughes.

A coal oil stove in a bed room had become overheated and set the contents of the room afire. Nearly everything in the room was destroyed or badly damaged. The wall paper also was damaged. The loss is estimated at \$25, and it is not known whether or not there was any insurance.

At 4 o'clock the department made a run to the residence of Harvey Nault 504 South Clay avenue. Fire had started in the roof by sparks from the chimney. The damage was small and is fully covered by insurance.

A call came from the residence of Mrs. Ferguson 735 South Church street, owned by W. J. Wood at 7:15 Saturday night. Soot was burning in the chimney and it was thought that the roof was on fire. No damage was done.

### BROOKLYN BOOSTERS BROTHERHOOD.

Under the above name an organization of the men members and friends of the Brooklyn Methodist Episcopal church was effected at a meeting called for the purpose last night, in the parlors of the church. The following men joined the brotherhood as charter members: J. A. Walters, Frank Bourn, D. J. Staley, T. B. Reeve, George Belzer, William E. Thompson, Peter Hamel, J. H. Reid, Martin Gehring and G. W. Randle. The following officers were elected: President, J. H. Reid; vice president, Martin Gehring; secretary-treasurer, D. J. Staley; teacher, T. B. Reeve; J. A. Walters, W. E. Thompson and D. J. Staley were appointed a committee on rules and T. B. Reeve, Frank Bourn and George Belzer, a committee on membership.

The Brotherhood will meet on Sunday morning at the church at 9:30 for Bible study. All men are invited.

### REVIVAL SERVICES

#### AT BLUFFS

The revival service at the M. E. church in Bluffs is being largely attended and the interest is increasing day after day. During the week there has been special service for school children, for members of the Eastern Star and the Masonic body. Odd Fellows and Rebekahs. Friday night was designed especially for parents and last night Rev. Mr. Lathrop preached on "The Meaneast Man and the Meaneast Woman in Bluffs." This afternoon at 2 o'clock there will be a special service for men and boys over 16 years of age. Tonight the service is designed especially for civil war, Spanish American war veterans and for soldiers who have recently returned from the war. Monday night the minister's theme will be "Featherweights." Tuesday night the Red Men will attend. Wednesday night members of all the different churches, Thursday night members of the town board and business men. The minister has promised that he will tackle wrongdoings with unglazed hards and there will be a movement to clean up the town when a cleanup is needed.

Still one more special service is planned and that is for next Sunday night, Feb. 9, when all railroad men will occupy special seats reserved for them.

### CARD OF THANKS.

We wish to extend our sincere thanks to our relatives and friends in their beautiful floral offerings and sympathy shown us in the loss of our mother. Mary A. Thornborrow and specially to Rev. M. L. Pontius, the bearers, and John G. Reynolds, undertaker, in their kind services.

### ALL NERVOUS WOMEN

May Benefit by the Remedy Mrs. Little Recommends for Nervousness.

Whitman, Mass.—"I suffered from a nervous, rundown condition and loss of strength so it was hard for me to get around and do my work. After other medicines had failed to help me Vinol restored my health and strength and I heartily recommend it to any one suffering from a nervous, run-down condition."—Mrs. R. M. Little.

There is no secret about Vinol. It owes its success to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body building tonics. We strongly recommend it. For sale by all druggists.

P. S.: If you have skin trouble try Saxon salve. Money back if it fails.—Adv.

## WHY DO WOMEN SUFFER

When There is Such a Remedy for Their Ills as Lydia E. Pinkham's Vegetable Compound?

Mishawaka, Ind.—"I had such a severe female weakness that I could not do my work and I could not get anything to relieve me. A physician treated me, but it did no good. I had been in this condition for three months when I began taking Lydia E. Pinkham's Vegetable Compound (tablet form) and it cured me. I keep house and am able to do my work now. I certainly praise your medicine."—Mrs. SUE OLDATHER, 548 West Second Street, Mishawaka, Ind.

Women who suffer from such ailments should not continue to drag around and do their work under such conditions, but profit by the experience of Mrs. Oldfather and thousands of others who have tried this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and found relief from such suffering. If complications exist write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience in advising women on a subject is at your service.

## Obtain More Dollars for Your Grain

Feeding whole grain is very expensive, a fact that has been proven by all the experimental stations. Ground feed is thoroly digested, therefore it takes less grain to make more fat, your stock remains in better health, gains more weight in less time, brings bigger and quicker results.

### Use a United Feed Grinder

## Facts Worth Knowing

**SELF-SHARPENING BURRS**—One of the most important parts of a feed mill are the grinding burrs. Years of experience in building feed mills have enabled up to produce in the new UNITED MILL, self-sharpening, oscillating burrs that have made this mill favored above all others.

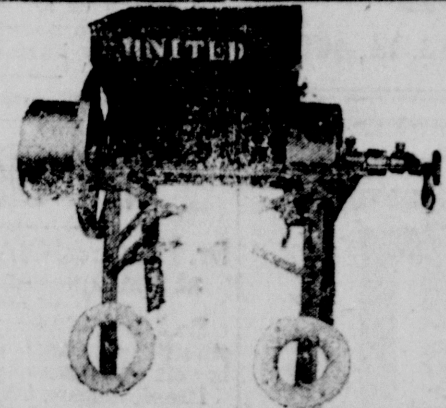

**SELF-SHARPENING**—Because UNITED burrs have flat-faced teeth instead of the old type "V" shape, the surface of each tooth wears exactly to the same degree as the one next to it. There can be no unevenness in the wearing of these teeth, and furthermore, the more they wear, the sharper they become. The shearing or scissors effect produced by the flat-faced tooth makes it possible to grind even oats which you cannot do with ordinary burrs. The self-sharpening teeth do not make the grinding, rumbling noise found in other types of mills. UNITEDS are silent.

**SELF-ALIGNING**—One burr is securely mounted on the main shaft; the other equipped with a four-point suspension. It oscillates to the side, or forward and back. This oscillating burr must follow the burr on the shaft. This is real automatic alignment and equal pressure is maintained on all parts of the burrs.

UNITED burrs are made of speglized steel—they last longer and grind many times more feed. By removing two bolts you gain quick access to the burrs.

One Price and a Square Deal to All!

Chas. T. Mackness, Pres. M. R. Range, Sec'y and Mgr. Theo C. Hagel, Treas.

### Cash, \$24.70

You will grind as much feed with less power, or much more feed with the same power. Grinds fine or coarse, fast or slow. The UNITED Mill was designed by experts—built by experts—it must render you a super-quality service.

### UNITED USERS ARE PROUD OF THESE FEATURES IN THEIR FEED MILLS

- 1 Grind the finest table meal or coarsest feed for stock. Hair-breath adjustment.
- 2 Grind more feed with same power or same amount with much less power than any other mill.
- 3 Grind with a Ball Bearing Mill—The United runs smoothly and without noise.
- 4 Four-point oscillating burrs with flat-faced self-sharpening teeth—Will Even Grind Your Oats. Burrs are of Speglized steel, hard as glass.
- 5 Automatic worm feed drives grain to burrs—the result is maximum capacity.
- 6 Heavy rigid main frame mounted on our angle steel legs, securely braced.
- 7 Big hopper of 18-gauge steel. High carbon steel main shaft with a perfectly balanced Ball Bearing to absorb end thrust friction.
- 8 Quick release lever, hinged safety bottom, generous oil cups, high quality babbitting.

GRIND MORE WITH A UNITED

## Facts Worth Knowing

**THE UNITED SOLID FRAME** is well supported by four heavy angle steel legs thoroughly braced. Only a minimum of friction because all castings are perfectly babbitted.

**THE LARGE, SUBSTANTIAL HOPPER**—Heavier steel is used in our UNITED Mill Hopper than in any other mill. It is of 18-gauge and the top edge is thoroughly reinforced by rolling the steel over a heavy one-fourth inch steel rod.

**THE MAIN SHAFT** is of high carbon steel. The UNITED is a BALL BEARING MILL, the very highest quality ball bearing, consisting of ground steel balls, running between two case-hardened, crucible steel blocks. These perfectly absorb the end thrust friction.

**UNITED WORM FEED** forces the grain to the oscillating burrs, increasing the grinding capacity. The cutter bar and knives on the concave bottom help to reduce cob corn to particles before it enters the burrs.

**THE UNITED FLY WHEEL** is perfectly balanced, causing the mill to run smoothly at all times.

**UNITED SPECIAL SAFETY DEVICE**—Wood break pins in the safety hinged bottom will give way if any obstructions should enter the burrs. UNITED Mills are fool-proof.

**UNITED QUICK RELEASE FEED LEVER** regulates the tension—burrs may be separated instantly. A convenient hand wheel regulates the fineness of the grain.
